701. FACILITIES PLANNING

- .1 Long range planning is desirable and is required by State Board of Education regulations. Community involvement is an important part of such a process. Facilities planning is a primary component of long range planning.
- .2 In order to inform the Board of the future needs of the district, the Superintendent shall prepare a written description of existing physical facilities, and shall
 - .21 report to the Board annually on the enrollment by grades during the school year on a monthly basis, and
 - .22 estimate each spring the number of students who will be enrolled in the schools of the district for the start of the next school year.
