236. CONDUCT AT SCHOOL EVENTS

- .1 The Board recognizes the value of co-curricular activities, including interscholastic athletics, in enhancing the school experience for the students of this school district.
- .2 The Board will make school facilities available and provide appropriate staff for the conduct of such activities.
- .3 As voluntary participants, or spectators, students shall be held responsible for compliance with rules and regulations set forth in advance for their conduct, and infractions of those rules and regulations will be subject to the same disciplinary measures as are applied during the regular school program.
- .4 Acting as a participant or spectator is not a right and may be denied to any student.
 - .41 Students who, by personal action, either morally or socially, bring discredit upon themselves or their school, may be excluded from representing their school, or attending as a spectator, such co-curricular activities sponsored by the Board.
 - .42 This shall not preclude further, or additional, penalties as may be imposed by proper actions of appropriate authorities.
