

## **Health and Safety Plan Update – October 18, 2021**

### **Secondary Complex**

Between October 11, 2021 and October 17, 2021, there were 2 positive COVID-19 cases reported at the secondary complex. Through contact tracing of the positive cases, 11 additional students were quarantined.

An additional 2 students were placed on quarantine due to experiencing COVID-19 symptoms or having contact with a positive case within their family or the community.

### **Elementary Buildings**

Between October 11, 2021 and October 17, 2021, the following positive cases were reported in the elementary buildings:

Beaver Main Elementary School – 1 (with school contact tracing)

W.W. Evans Elementary School – 1 presumed positive (with no in-school contact)

Memorial Elementary School – 1 (with no in-school contact)

Through contact tracing of the positive case(s), 15 additional elementary students and 2 secondary complex students were quarantined.

Additionally, 16 elementary students and 1 staff member were placed in health room-directed quarantine due to experiencing potential symptoms or having possible case contact within their family or the community.
